T-coon's all-purpose Seasoning Mix

Dear Customers,

This product contains no MSG no preservatives or any flavor enhancers. I have combined these spices to be used as an all purposed seasoning mix for Eggs, Poultry, Steaks, BBQ, Veggies, Fish and Boiled Seafood.

When seasoning steaks, brisket, ribs, or wild game, sprinkle liberally on both sides inside and out.

Also try by mixing one part "THE STUFF" to one part cooking oil for injecting wild game, brisket, roast, etc.

With a little practice, you will have perfectly seasoned meals: not salty, not too hot. Use a little or use a lot - you decide

Thanks,

T COON

A word from T-Coon...

I first opened T-Coon's in 1993 with (3) goals in mind. In the quickest time possible, I wanted to serve the best home cooked food for the best possible price. My ancestors came from France, to Nova Scotia, and then ended up here in Cajun country. Even though I am a Cajun, I prefer to use the phrase "Zydeco Cooking" to best describe our way of cooking. I want to thank you for your business, hope you enjoyed your visit with us and please come back. Before you go, ask for a can of "The Stuff" and check us out on our website at tcoons.com

Sincerely,
T-Coon
